SW Regional Skills Diving Competition

(National Skills Qualifier/ Category 2 divers)

and

Drake Trophy Mini Skills

(Pre-Regional Skills / Category 1 divers)

Hi there Teams

For a number of years Plymouth Diving have wanted to run an additional meet to their Armada Cup which caters for age group level divers.

This year will see the very first **DRAKE TROPHY** – an event with many options for local diving teams.

It is envisaged that teams can bring different levels of divers to the same event and share the competitive experience.

Firstly it acts as the **ASA South West Regional Skills** competitions and qualifier for National Skills, this event will crown SW medallists and open medallists. These divers must be Category 2 registered with the ASA, in the year of competition. This event is an Open Event and medals will be available for the Top 6 South West registered divers plus any from other regions. **Divers must be a Minimum of 8 years old in 2017.**

It also incorporates the **Drake Trophy Mini Skills** which is for divers taking their first step competitively and who are not ready for the full National Skills Test. This is an Open event and medals will be available for all competitors (special awards for Top 3). Designed to be a stepping stone to the National Skills test and will evolve over time. If you have any suggestions for the test conditions based on the competition itself, please let us know. It's aimed that the test work for all divers and clubs as a Development Tool. **Divers must be a minimum of 6 years old in 2017.**

These divers must be Category 1 level divers who are not intending on competing at Regional Skills competitions in their own regions or the National Skills Finals 2017.

Qualification Scores for the National Skills Finals 2017 (22-23 July LONDON)

SCORES – Scores are set by a National Technical Panel and reviewed annually. All scores continue to be recommended scores for 2017; however it is strongly advised that all coaches encourage their divers to achieve their required score at one or more of the events below.

- » Regional event
- » Last year's National event (as long as they remain in the same age group)

Definitions

Competing/competed – divers are considered to be competing or competed at a certain level if they entered the contest – even if they did not dive due to injury or illness. For example, if a diver was entered for Senior Nationals but did not dive due to injury, they cannot then compete at the National Age Groups. Or if a diver was entered for the National Age Groups but did not dive due to illness, they cannot then compete at the Regional or National Skills Finals.
